SUMMARY

Recent Diploma graduate in Computer Engineering seeking an opportunity to start a career in the IT industry. Possess strong knowledge of HTML, CSS, Python, JavaScript, MySQL, MS Office, and computer applications. Successfully completed a 3-month internship as a Cybersecurity & Ethical Hacking Intern at Cyber Sanskar, gaining hands-on experience in vulnerability testing, bug bounty concepts, ethical hacking methodologies, and cybersecurity tools. Passionate about web development, cybersecurity, and learning modern technologies.

EXPERIENCE

Cybersecurity & Ethical Hacking Intern

June 2025 – August 2025

Cyber Sanskar — Hybrid Internship

- Learned cybersecurity fundamentals, ethical hacking concepts, and bug bounty methodologies.
- Performed vulnerability testing in lab environments using Burp Suite.
- Practiced identifying vulnerabilities such as SQL Injection, XSS, CSRF, and Session Fixation.
- Solved PortSwigger Web Security Academy labs for practical web security experience.
- Improved analytical thinking, debugging, reporting, and problem-solving skills through practical exercises.
- Successfully completed the internship and received an internship completion certificate.

PROJECTS

Crop Disease Detection System

- Developed an AI-powered crop disease detection web application using Python, Flask, CNN, and TensorFlow/Keras.
- Implemented image-based disease prediction for plant leaves using deep learning techniques.
- Designed responsive frontend using HTML, CSS
- Integrated image upload and disease prediction functionalities.

HabitFlow - Habit Tracking Web Application

- Developed a responsive habit tracking web application using HTML, CSS, and JavaScript.
- Designed a clean and user-friendly interface for managing daily habits and productivity tasks.
- Implemented habit creation, tracking, and progress monitoring functionalities.
- Deployed the project online using Firebase Hosting for real-time accessibility.

Personal Portfolio Website

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript.
- Showcased projects, technical skills, and certifications.

EDUCATION

Diploma in Computer Engineering

2023 – 2026

Vidyalankar Polytechnic, Mumbai

Completed Third Year Diploma — 6th Semester Result Awaited

SSC (10th)

2018 – 2022

Shree Ambeshwar Madyamik Vidyalay

Percentage: **85.20%**

SKILLS

- Programming Languages: C, C++, Python, JavaScript
- Web Technologies: HTML5, CSS3,
- Database: MySQL
- Cybersecurity: Ethical Hacking, Web Security
- Tools: GitHub, Burp Suite
- Soft Skills: Teamwork, Problem Solving, Critical Thinking, Time Management

LANGUAGES

- Marathi
- Hindi
- English
